Panzer Grenadier

Thomas Anderson

Using first-hand accounts and many previously unpublished images, this is a detailed analysis of Germany's *Panzer Grenadier* in World War II.

Throughout history, infantry has been the main attacking force deployed by armies around the world, but positioning substantial infantry forces has always required precious time to assemble the troops. With the development of the German *Panzerwaffe*, military planners realized both the enormous potential of the tank as a breakthrough weapon, and the issues faced by support units following the attacking force – including the infantry. From experience gained during Operation *Barbarossa*, a new arm of the military was created: the *Panzer Grenadier*. This groundbreaking book describes the development and evolution of the armoured infantry force that accompanied the German Panzers as they crossed the battlefields of Europe, as well as detailing the vehicles and equipment that were developed to support their specialized role.

Thomas Anderson is a specialist in the German armoured fighting vehicles of World War II. He has spent decades trawling the archives throughout Germany and the rest of Europe to discover little-known facts and previously unpublished photographs of the might of the *Panzerwaffe*. He lives in Hänigsen, Germany.

Blitzkrieg

The Invasion of Poland to the Fall of France

Edited by **Dr Stephen Hart and Dr Russell Hart**

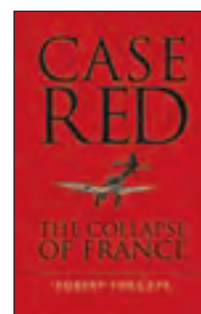

A fascinating study of the devastating new form of warfare that redrew the map of Europe in the opening year of World War II.

On 1 September 1939, Nazi Germany launched the invasion of Poland, employing a new type of offensive warfare: *Blitzkrieg*. So named by Allied observers because of the shock and rapidity of its effects, this new approach was based on speed, manoeuvrability and concentration of firepower. Illustrated throughout with detailed maps, artwork and contemporary photographs, *Blitzkrieg* tells the story of the invasions of Poland, Denmark and Norway, the Low Countries and France, examining the armed forces, leaders, technology, planning and execution in each campaign as well as the challenges faced by the Germans in the pursuit of this new and deadly form of warfare.

Dr Stephen Hart is senior lecturer in the War Studies department, the Royal Military Academy Sandhurst. He is the author of *Montgomery and the 'Colossal Cracks'* (2000) and several popular histories of aspects of the German Army in World War II.

Dr Russell Hart is Professor of History and Director of the Diplomacy and Military Studies Program at Hawai'i Pacific University, Honolulu, Hawai'i. He is the author of several books, including *Clash of Arms* (2001) and *Guderian: Panzer Pioneer or Mythmaker?* (2006).

The Bronze Lie

Shattering the Myth of Spartan Warrior Supremacy

Myke Cole

Renowned novelist and popular historian Myke Cole examines the truth behind the claims for Spartan supremacy and sets the record straight.

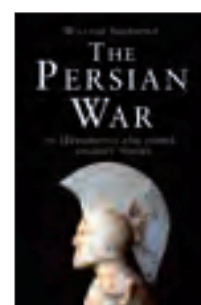

The Spartan hoplite enjoys unquestioned currency as history's greatest fighting man. The last stand at Thermopylae made the Spartans legends in their own time, famous for their ability to endure hardship, control their emotions, and to never surrender – even in the face of impossible odds, even when it meant certain death. Was this reputation earned? Or was it simply the success of a propaganda machine that began turning at Thermopylae in 480 BC? Covering Sparta's full classical history from the polis' (city-state) foundation to its final subsumption by Rome in the first century BC, this book examines the myth of Spartan warrior supremacy, painting a very different picture of Spartan warfare – punctuated by frequent and heavy losses.

Myke Cole has had a colourful and varied career, with service in war and crisis response. He currently works as a security and intelligence consultant in the private sector. He has published extensively in military history and security, and is also a popular fantasy and science fiction novelist. He lives in New York's Hudson Valley.

The Last Viking

The True Story of King Harald Hardrada

Don Hollway

A rich and compelling account of the life of King Harald Hardrada of Norway, one of the greatest Viking warriors to have ever lived.

Harald Sigurdarson burst into history as a teenaged youth in a Viking battle from which he escaped with little more than his life and a thirst for vengeance. But from these humble origins, he became one of Norway's most legendary kings. *The Last Viking* is a fast-moving narrative account of the life of King Harald Hardrada, as he journeyed across the medieval world, from the frozen wastelands of the North to the glittering towers of Byzantium and the passions of the Holy Land, until his warrior death on the battlefield in England. Combining Norse sagas, Byzantine accounts, Anglo-Saxon chronicles, and even King Harald's own verse and prose, into a single, compelling story, Don Hollway brings the true tale of this Viking hero to life.

Don Hollway is an author, illustrator, and historian. He is also a classical rapier fencer and historical re-enactor. His writing on aviation, history and re-enacting has appeared in magazines ranging from *Aviation History*, *History Magazine*, *Military Heritage*, *Military History*, *Wild West* and *World War II* to *Muzzleloader*, *Renaissance Magazine* and *Scientific American*.

The Tonkin Gulf Yacht Club

Naval Aviation in the Vietnam War

Thomas McKelvey Cleaver

This book tells the full story of the US Seventh Fleet throughout the US naval air campaign in the Vietnam War from 1965 to 1975.

On 2 August 1964, the USS *Maddox* became embroiled in the infamous Gulf of Tonkin incident that led directly to America's increased involvement in the Vietnam War. Supporting the *Maddox* that day were four F-8E Crusaders from the USS *Ticonderoga*, and this was the very start of the US Navy's commitment to the air war over Vietnam. *The Tonkin Gulf Yacht Club* is titled after the nickname for the US Navy's Seventh Fleet which was stationed off the coast of Vietnam, and it tells the full story of the US Navy's war in the air. It details all the operations from the USS *Maddox* onwards through to the eventual withdrawal of the fleet following the collapse of South Vietnam in 1975, and includes dramatic first-hand accounts from those that took part in the fighting.

Thomas McKelvey Cleaver is the author of numerous well-received titles for Osprey, including the best-selling *Frozen Chosen*, as well as *Pacific Thunder*, *Tidal Wave*, *Holding the Line*, and, most recently, *I Will Run Wild*. He is additionally the author of *F4F Wildcat and F6F Hellcat Aces of VF-2*, published by Osprey, and the best-selling *Fabled Fifteen: The Pacific War Saga of Carrier Air Group 15*, published by Casemate.

Pacific Carrier War

Carrier Combat from Pearl Harbor to Okinawa

Mark E. Stille

A comprehensive study of the carrier formations of the Pacific War, from the Coral Sea through to the battle of the Philippine Sea.

The defining feature of the Pacific Theatre of World War II was the clash of carriers that ultimately decided the fate of nations. The names of these battles have become legendary as some of the most epic encounters in the history of naval warfare. The US Navy's ability to adapt and in response to the changing conditions of war maintained and furthered their advantage, culminating in their comprehensive victory at the battle of the Philippine Sea, history's largest carrier battle, which destroyed almost the entire Japanese carrier force. Examining the ships, aircraft and doctrines of both the Japanese and US navies and how they changed during the war, Mark E. Stille shows how the domination of American carriers paved the way towards the Allied victory in the Pacific.

Mark E. Stille (Commander, United States Navy, retired) spent his naval career as an intelligence officer serving on the Joint Staff, the faculty of the Naval War College, and in the ship's company of two aircraft carriers. He is the author of over 40 Osprey titles, focusing on the naval history of the Pacific War. He lives in Annapolis, Maryland.

Churchill, Master and Commander

Winston Churchill at War 1895–1945

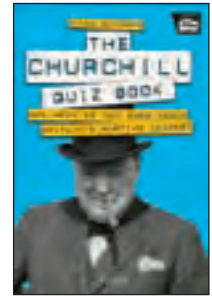

Anthony Tucker-Jones

A detailed study of Churchill's career as a military commander, from Britain's colonial wars through to his strategic command in World War II.

From his earliest days Winston Churchill was an extreme risk taker and he carried this into adulthood. Today he is widely hailed as Britain's greatest wartime leader and politician. Deep down though, he was foremost a warlord. Just like his ally Stalin, and his arch enemies Hitler and Mussolini, Churchill could not help himself and insisted on personally directing the strategic conduct of World War II – for better or worse. In this fascinating new book, acclaimed historian Anthony Tucker-Jones explores the record of Winston Churchill as a military commander, examining how the military experiences of his formative years shaped him for the difficult military decisions he took in office. This book assesses his choices in some of the most controversial and high-profile campaigns of World War II, and how in high office his decision making was both right and wrong.

Anthony Tucker-Jones, a former intelligence officer, is a highly prolific writer and military historian with well over 50 books to his name. His work has also been published in magazines and online. He regularly appears on television and radio commenting on military matters.

A War of Empires

Japan, India, Burma and Britain: 1941–45

Robert Lyman

A sweeping saga of the longest and possibly most brutal campaign of World War II, which would irrevocably change the future of empires.

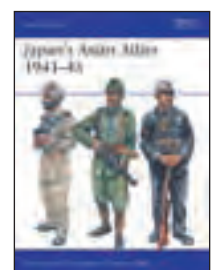

In 1941 and 1942 the British and Indian armies were brutally defeated and Japan reigned supreme in its newly conquered territories throughout Asia. But change was coming. New commanders were appointed, significant training together with restructuring took place, and new tactics were developed. *A War of Empires* by acclaimed historian Robert Lyman retells these coordinated efforts and describes how a new volunteer Indian Army, rising from the ashes of defeat, would ferociously fight to turn the tide of war. The Indian Army's contribution has been consistently forgotten and ignored by many Western historians and Robert Lyman expertly proves how vital this hard-fought campaign was in securing Allied victory in the east, defeating Japanese militarism and ultimately redrawing the map of the region with an independent India, free from the shackles of empire, all but guaranteed.

Robert Lyman is widely regarded as one of Britain's most talented military historians, with 15 bestsellers published to date and numerous appearances on television. He spent 20 years in the British Army, is an elected Fellow of the Royal Historical Society and in 2010 helped General Sir Richard Dannatt write his autobiography, *Leading from the Front*.

Blade of a Sword

Ernst Jünger and the 73rd Fusilier Regiment on the Western Front, 1914–18

Matthias Strohn

The enthralling story of Ernst Jünger and the German 73rd Fusilier Regiment in the major campaigns of World War I's Western Front.

Combining traditional military history with a trench-level soldier's view of the Great War, this book tracks the experiences of an elite German regiment throughout the conflict, following the men who fought and died in the service of what would ultimately prove to be a futile cause. The German 73rd Fusilier Regiment spent the whole of World War I on the Western Front and was one of the Imperial German Army's most elite units. Starting with the occupation of Liège, it took part in nearly every major campaign in the West. Using the personal accounts of the soldiers themselves, including Ernst Jünger, author of the renowned *Storm of Steel*, this engrossing story of a regiment at war presents the horror of trench warfare on a human scale.

Dr Matthias Strohn has lectured at Oxford University and the Joint Services Command and Staff College at Shrivenham. Since 2006 he has been a lecturer in the Department of War Studies at the Royal Military Academy Sandhurst, and in 2011 he was made a Senior Research Fellow at the University of Buckingham. He holds a commission in the German Army and is a member of the military attaché reserve. He lives in Surrey, UK.

Peace, War and Whitehall

A Memoir

Field Marshal Lord Guthrie

Peace, War and Whitehall is the memoir of Field Marshal the Lord Guthrie of Craigiebank, whose military career included service with the Welsh Guards and 22 SAS, and culminated in his successive appointments as Chief of the General Staff and Chief of the Defence Staff in the governments of John Major and Tony Blair.

Lord Guthrie joined the British Army in 1959, when Britain's influence was shrinking around the world, and he left in 2001 when that influence was once again expanding. Throughout his career he served in Aden, Northern Ireland, Cyprus, Kenya, Germany, the UK and the New Hebrides, and as a senior officer he oversaw the modernization of the Army following the Cold War years and shaped the way the Army operated, updating doctrine from the plains of North Germany and the streets of Northern Ireland to the conflicts in the Balkans and Sierra Leone.

Field Marshal the Lord Guthrie of Craigiebank, GCB LVO OBE, was commissioned in 1959 and served with the Welsh Guards and the Special Air Service. He was Commander of NATO's Northern Army Group 1992–93, Chief of the General Staff 1994–97 and Chief of the Defence Staff 1997–2001. He became a member of the House of Lords in 2001.

AUTUMN HIGHLIGHTS

The United States Navy in World War II

From Pearl Harbor to Okinawa

Mark E. Stille

A comprehensive overview of the strategy, operations, and vessels of the United States Navy from 1941 to 1945.

Although slowly building its navy while neutral during the early years of World War II, the US was struck a serious blow when its battleships, the lynchpin of US naval doctrine, were the target of the dramatic attack at Pearl Harbor. In the Pacific Theatre, the US was thereafter locked into a head-to-head struggle with the impressive Imperial Japanese Navy, fighting in the Coral Sea, at Midway, the Philippine Sea, Leyte Gulf and Okinawa in the struggle for supremacy over Japan. Having avoided the defeat sought by the IJN, the US increased industrial production and by the end of the war, the US Navy was larger than any other in the world. Written by an expert on the subject and incorporating extensive illustrations including photographs, maps and colour artwork, this book offers a detailed look at the strategy, operations and vessels of the US Navy.

Mark E. Stille (Commander, United States Navy, retired) spent his naval career as an intelligence officer serving on the Joint Staff, the faculty of the Naval War College, and in the ship's company of two aircraft carriers. He is the author of over 40 Osprey titles, focusing on the naval history of the Pacific War. He lives in Annapolis, Maryland.

Hunt the Bismarck

The pursuit of Germany's most famous battleship

Angus Konstam

Bismarck entered service in the summer of 1940. She was well-armed, with eight 15-inch guns as well as a powerful array of lighter weapons, while her armoured protection earned her the reputation of being unsinkable. This claim was put to the test in May 1941, when she sortied into the Atlantic and fought the legendary battle of the Denmark Strait, destroying HMS *Hood*, the pride of the Royal Navy. However, damage sustained in the battle limited her ability to roam at will, and the Royal Navy deployed the Home Fleet to avenge the *Hood*. The stage was set for the greatest chase story in the history of naval warfare. Drawing on a wealth of first-hand accounts and extensive research, this is the most readable and accurate account of *Bismarck's* epic pursuit ever produced.

MacArthur's Air Force

American Airpower over the Pacific and the Far East, 1941–51

Bill Yenne

General Douglas MacArthur is one of the towering figures of World War II, and indeed of the twentieth century, but his leadership of the second largest air force in the USAAF is often overlooked. After being humbled by the Japanese in the Philippines in 1942, MacArthur and his air chief General George Kenney rebuilt the US aerial presence in the Pacific, helping Allied naval and ground forces to push back the Japanese Air Force, re-take the Philippines, and carry the war north towards the Home Islands. Written by award-winning aviation historian Bill Yenne, this engrossing and widely acclaimed book traces the journey of American air forces in the Pacific under General MacArthur's command, from their lowly beginnings to their eventual triumph over Imperial Japan, followed by their entry into the jet age in the skies over Korea.

The Reckoning

The Defeat of Army Group South, 1944

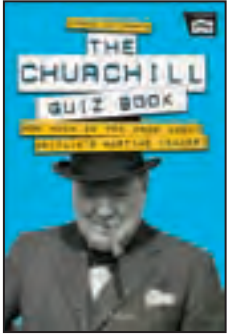

Prit Buttar

From critically acclaimed Eastern Front expert Prit Buttar, *The Reckoning* is a masterful re-evaluation of the fateful year of 1944 and how the Red Army turned the tide of war until the final defeat of Germany was guaranteed. For too long, the Wehrmacht had relied on the superior combat prowess of its fighting men and failed to take into account that the Red Army would not only rely on its sheer size, but would also fine-tune its fighting performance from senior commanders down to individual soldiers. Using extensive memoirs from German and Russian soldiers, this book combines skilful storytelling with expert analysis to reveal not only how the Germans lost, but how the Russians increasingly learned to win.

AIR CAMPAIGN

Packed with artwork, maps and diagrams, the Air Campaign series examines how the world's greatest air wars have been fought. Analyzing the goals of the attacking air commanders, the aircraft they had to work with, the opposing air defences, how they planned the attack and how the pilots actually fought it, this series sheds light on why air campaigns have been won and lost.

Each book contains:

- Battlescene artwork
- Aerial bird's-eye views
- Maps & 3D diagrams

AIRCRAFT OF THE ACES

Aircraft of the Aces delves into the achievements of the best pilots flying some of the most iconic aircraft in history. First-hand accounts lend the narrative an urgency and sense of reality as each title describes daring dogfights, glorious successes and heroic failures.

AIR VANGUARD

Air Vanguard is the technical aviation series that appeals to warplane enthusiasts across the world. Each title gives a concise history of an aircraft, detailing its design, development and deployment.

AVIATION ELITE UNITS

Aviation Elite Units provide a full combat history of a fighter or bomber unit that earned particular distinction in action, featuring at least 30 specially commissioned aircraft profile drawings and illustrated throughout with contemporary photographs.

BATTLE ORDERS

Battle Orders studies the organization, actions and strength of a major unit in battle, describing elements of doctrine, training, tactics, equipment and deployment. Each title contains detailed orders of battle, tables of organization and equipment, maps, charts and contemporary photographs.

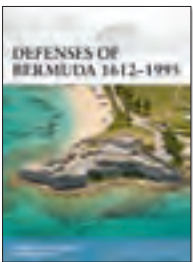

COMMAND

Throughout the history of warfare, individual commanders have dominated the battlefield and often decided the fate of nations. This series looks at how great leaders adopted technology, battlefield tactics and training methods, or simply inspired their troops through their leadership skills to win.

ESSENTIAL HISTORIES

Essential Histories study the origins, politics, fighting and repercussions of major wars or theatres of war, from both military and civilian perspectives. Featuring full colour maps, diagrams and photography throughout, every book provides a full visual appreciation what it was like to experience each war.

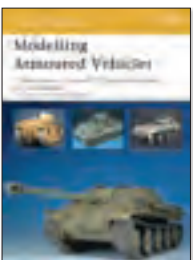

FORTRESS

Examines the history, evolution, military architecture and natural setting of some of the world's most important fortification systems from ancient times to the present day.

WARRIOR

The Warrior series opens the door on the lives of the greatest soldiers of history, both on and off the battlefield. It reveals their experiences of training and preparation for war, the details of what it was like to fight alongside them in battle, and how they prepared for, and recovered from, war.

MODELLING MANUALS & MODELLING MASTERCLASS

Osprey's Modelling books are complete guides to building, detailing, converting and customizing models. From handy hints for beginners, to creative projects for advanced model makers, each book uncovers the secrets of successful model making.

BRIAN BORU

HIGH KING OF IRELAND

Ireland is awash with would-be kings, power-hungry pretenders, and self-professed rulers. The provinces are in disarray, and the common folk are paying the price. The land is in need of a leader.

In *Brian Boru*, players strive to unite Ireland under their domain, securing control through might, cunning, and matrimony. Join forces to fend off Viking invaders, build monasteries to extend your influence, and gather support in the towns and villages throughout the land. To become the High King of all Ireland, you will need to navigate a web of shifting alliances, outmanoeuvre your enemies, and grab history by the reins.

UNDAUNTED

REINFORCEMENTS

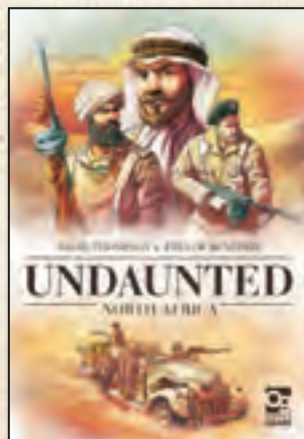

In North Africa, the Long Range Desert Group are a thorn in the sides of the Italian forces, disrupting vital lines of communication and striking at strategic targets ranging far and wide. In Normandy, US forces brace against German counterattacks, determined to maintain their foothold in the region. The fighting is intense and the outcome hangs on a knife-edge. With everything at stake, you desperately need reinforcements!

Undaunted: Reinforcements is a modular expansion that introduces a range of new rules, scenarios, and units. Unleash the might of the German and American tanks and see how your new squad options fare against them in *Undaunted: Normandy*, or make use of mines, assault aircraft, and other new units as you attempt to outfox your opponent in *Undaunted: North Africa*. Whether you have only one or the other, you'll be able to play *Undaunted* for the first time in a four-player mode, or test your mettle in a solo mode by Dávid Turczi and David Digby.

PRAISE FOR UNDAUNTED:

FROM THE CREATOR OF
FROSTGRAVE

THE SILVER BAYONET

*A Wargame of
Napoleonic Gothic Horror*

As the wars of Napoleon ravage Europe, chaos and fear reign and the darkness that once clung to the shadows has been emboldened. Supernatural creatures – vampires, werewolves, ghouls, and worse take advantage of the havoc, striking out at isolated farms, villages, and even military units. Whether they are pursuing some master plan or simply revelling in their newfound freedom is unknown. Most people dismiss reports of these slaughters as the rantings of madmen or the lies of deserters, but a few know better...

The Silver Bayonet is a skirmish wargame of gothic horror set during the Napoleonic Wars. Each player forms an elite band of monster hunters drawn from the ranks of one of the great powers. Riflemen, swordsmen, and engineers fight side-by-side with mystics, occultists, and even those few supernatural creatures that can be controlled or reasoned with enough to make common cause. The game can be played solo, co-operatively, or competitively, with players progressing through a series of interlinked adventures with their soldiers gaining experience and suffering grievous wounds, and their units triumphing... or falling in the face of the shadows. It is a game of action and adventure, where musket and sabre meet tooth and claw.

BOLT ACTION

SECOND EDITION

BOLT ACTION: CAMPAIGN: ITALY: SOFT UNDERBELLY

Author: Warlord Games
Available: October 2021
ISBN: 9781472852687

Price: £20 / US \$30 / CAN \$39.99
Format: Paperback

With the Axis Powers ejected from North Africa, the Western Allies look to take the fight across the Mediterranean and into Mussolini's Italy. This supplement for Bolt Action focuses on Operation *Husky*, the airborne and naval invasion of Sicily, the hard-fought battles in the villages and rugged mountain passes of that island, and the advance up the Italian Peninsula towards Rome. Containing a host of scenarios, new units, special rules, and Theatre Selectors this book contains everything players need to refight these important battles in defence of the *Regno d'Italia* or to strike at the underbelly of Axis-controlled Europe.

REQUIRES A COPY OF THE SECOND EDITION RULESET

BOLT ACTION: WORLD WAR II WARGAMES RULES: SECOND EDITION

STARGRAVE

FROM THE CREATOR OF *FROSTGRAVE*, JOSEPH A. McCULLOUGH

STARGRAVE: QUARANTINE 37

Author: **Joseph A. McCullough**

ISBN: **9781472843692**

Illustrators: **Helge C. Balzer & Michele Giorgi**

Price: **£20 / \$30 / CAN \$39.99**

Available: **September 2021**

Format: **Paperback**

When it was commissioned, Imperial Research Station 37 was home to nearly 10,000 scientists and researchers working on a vast array of biological and chemical projects. Then, six months before the outbreak of the war, Station 37 went dark. No escape pods were launched and all attempts at communication went unanswered. Only a solitary, repeating broadcast filled the silence: "This station is under quarantine – do not approach". When the war came, the station was forgotten, left to drift lifelessly in its empty system. Now, in the aftermath of the Last War, Station 37 has been rediscovered and its broadcast heard once more...

Quarantine 37 is a supplement for *Stargrave* in which players lead their crews into an abandoned space station, hunting for lost technology, unique research, and forgotten experiments. Compete with your opponents for these valuable

resources across two competitive mini-campaigns, or venture into the vast maze of corridors and laboratories alone in the first *Stargrave* solo campaign. Also included are six new soldier types, new backgrounds and powers, terrifying additions to the bestiary, and a new advanced technology table packed with loot to help you in your adventures in the ravaged galaxy.

In *Stargrave*, players take on the role of one of independent operators. Perhaps they are a cybernetic veteran of the Last War, a psion fleeing slavers, or a mystic warrior attempting to preserve ancient wisdom. Maybe they are a bounty hunter collecting blood money, a robotics expert pushing the bounds of current technology, or a biomorph bred in the genetanks of some forgotten laboratory. Once the players' crews are assembled, they are ready to dive into a campaign. Over a series of games, their crews will have the chance to carry out a variety of missions – recovering lost technology, stealing data, freeing slaves, and fighting back against the pirate fleets. In time, as the crews gain experience, they will become more powerful and hire more talented specialists. The more they grow, however, the more likely it is that a pirate fleet will take note of their activities and come after them!

FROSTGRAVE

SECOND EDITION

FROSTGRAVE: BLOOD LEGACY

Author: **Joseph A. McCullough**
 Illustrator: **RU-mor**
 Available: **December 2021**

ISBN: **9781472841599**
 Price: **£20 / \$30 / CAN \$39.99**
 Format: **Paperback**

In the days of ancient Felstad, vampires kept to the shadows their small numbers no match for the power of the city's wizards. But when the cataclysm struck, the wizards were destroyed, while the deathless vampires went into a frozen hibernation. Now, as the city thaws, so too do its undead inhabitants. The masters of the night are rising again: reoccupying their hidden strongholds, reforming their old cabals, and finding new victims to serve as their thralls. The destruction of the old city has brought one other boon to the vampires – giant's blood. While giants used to live out of reach to the far north, in the intervening millennium, they have descended on the city in large numbers. Their blood is like an elixir to the vampires, filling them with strength and magical power. A new war is forming between these

two ancient races, and once again, the wizards of Frostgrave are caught in the middle.

This supplement for *Frostgrave: Second Edition* presents greatly expanded information about the vampires and the giants, rules for a new type of soldier - the giant-blooded - and two mini-campaigns to challenge high-level wizards.

OSPREY WARGAMES

WARS OF THE REPUBLIC

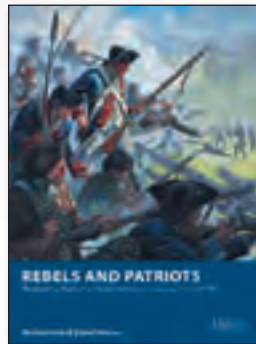

Author: **Eric Farrington**
 Illustrator: **Giuseppe Rava**
 Available: **November 2021**

ISBN: **9781472844910**
 Price: **£12.99 / US \$20 / CAN \$26.99**
 Format: **Paperback**

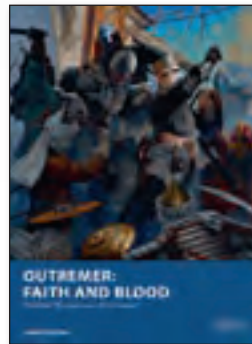

From the First Samnite War and the eventual conquest of the Italian Peninsula, to the defeat by Hannibal at Lake Trasimene, and final victory over the Gauls at Alesia, *Wars of the Republic* is a miniature wargame that allows you to campaign with the legions or stand firm against Roman expansion and fight throughout the ancient Mediterranean. This book contains all the rules required to fight battles during this period, including multiple army lists to reflect the changing nature of the Roman military and the varied opponents they faced, be it Gaul, Italian, Carthaginian, Iberian, or Greek.

OSPREY ROLEPLAYING GAMES

SIGIL & SHADOW

A Roleplaying Game of Urban Fantasy and Occult Horror

Author: **R. E. Davis**

Illustrator: **Luis F. Sanz**

Available: **July 2021**

ISBN: **9781472844835**

Price: **£25 / \$35 / CAN \$47.50**

Format: **Hardback**

Set in a mirror of our own world, *Sigil & Shadow* is a roleplaying game of urban fantasy and occult horror in which players take on the roles of illuminated heroes and shadowed monsters to face the rising tide of supernatural forces. Ancient nightmares lurk behind the closed doors of boardrooms, entities from beyond time prowl the city streets, forgotten rituals are reborn as viral memes. Do you take a stand against the encroaching shadows? Or do you seek their power for yourself?

Powered by the highly accessible d00Lite system, *Sigil & Shadow* focuses squarely on the story rather than the mechanics – who the characters are and what they do, not how they do it.

HEIRS TO HERESY

The Fall of the Knights Templar: A Roleplaying Game

Author: **Alan Bahr**

Illustrators: **Jelena Pjevic & Wietse Treurniet**

Available: **October 2021**

ISBN: **9781472847607**

Price: **£25 / \$35 / CAN \$47.50**

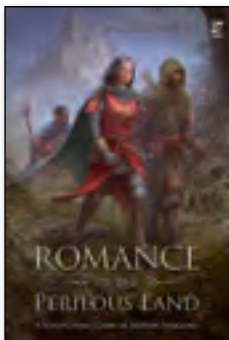

Format: **Hardback**

You are one of the thirty Knights Templar who awoke on Friday, 13 October 1307, only to find themselves wanted criminals and branded heretics by the King of France. Abandoned by the Vatican and sent away, you must leave Paris and try to find your way across a dark, mythic Europe to a mystical utopia where you can rebuild!

Heirs to Heresy starts as a historical-fantasy roleplaying game, but is heavily influenced by Gnosticism, European Folklore, esotericism, and the myths of the Templars. The game will ask you to craft the secrets of your order, your enemies, and the mysteries you will face, as you undertake the mystical journey along the road to Avallonis.
