Greetings from Osprey!

The second half of 2019 sees a host of exciting titles for Osprey, with new books from authors both old and new. Popular Eastern Front expert Prit Buttar's *Retribution* (p.2) follows on from *On a Knife's Edge*, continuing the story of the war in Western Ukraine between 1943 and 1944, while Thomas McKelvey Cleaver offers a fascinating insight into the aerial battles of the Korean War in *MiG Alley* (p.3). Meanwhile, Robert Forczyk's *Case White* (p.3) commemorates the 80th anniversary of the outbreak of World War II by analysing the German invasion of Poland, while Robert Kirchubel's stunning *Atlas of the Blitzkrieg* (p.1) offers a cartographic overview of the entire *blitzkrieg* campaign. Angus Konstam explores one of the war's naval turning points, the sinking of the German battleship *Bismarck* in *Hunt the Bismarck* (p.1).

In September, we will be launching our new graphic novel series, *Under Fire* (p.10), which combines vibrant illustrations and compelling narratives to tell the stories of some of the most dramatic battles in history. The series explores each campaign through the eyes of those who were there, offering both an overview of the course of each conflict and an insight into the human experience of the soldiers on the ground.

Osprey Games builds on its success this year with the much-anticipated *Throne of Glass: Embers of Memory* (p.23), based on Sarah J. Maas' best-selling series. The game's announcement has been met with fantastic enthusiasm from her fanbase, who are eagerly anticipating its release in October. Other new games include the World War II deck-builder *Undaunted: Normandy*, following the US 30th Infantry's Normandy campaign (p.25); *Judge Dredd: Helter Skelter* (p.24) from Martin Wallace, the award-winning designer of *London* and *Wildlands*; and *Oathmark* (p.27), a mass battle fantasy war game by the author of *Frostgrave*.

Enjoy!

Atlas of the Blitzkrieg

1939-41

Robert Kirchubel

A stunning, slip-cased collection of cartography offering a detailed insight into the German Blitzkrieg during World War II.

In August 1939, Nazi Germany launched its infamous *Blitzkrieg* invasion of Poland, bringing about the outbreak of World War II. Faced with highly tactical and accelerated attacks aimed at disrupting the line of defence and encircling vulnerable troops, Allied forces broke under pressure. Within the space of a year, France had been invaded and occupied, and by 1941, the bulk of Continental Europe was under Nazi control. Though the dominance of the *Blitzkrieg* method was to be challenged in the latter part of the war, its unparalleled success in the early years of the conflict brought Europe to its knees.

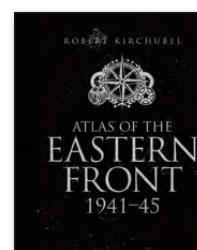

Featuring 107 detailed maps, this impressive atlas shows, in intricate detail, the fighting and physical challenges faced by the German attackers and Allied defenders.

Robert Kirchubel has had a keen interest in the history of World War II for the duration of his adult life. He has already contributed work to *World War Two in Europe*, *World War Two in the Pacific* and *The International Military Encyclopaedia*. He has previously compiled the *Atlas of the Eastern Front* for Osprey.

Hunt the Bismarck

The pursuit of Germany's most famous battleship

Angus Konstam

A brand-new narrative account of one of World War II's most exciting chase stories, the pursuit of the legendary battleship, *Bismarck*.

Entering service as Germany's largest battleship in the summer of 1940, *Bismarck* was well-armed with eight 15-inch guns and an array of lighter weapons. Her impressive armour earned her the reputation of being unsinkable, a claim which was finally put to the test in May 1941. During Operation *Rheinübung*, *Bismarck* sortied into the Atlantic and destroyed HMS *Hood*, the pride of the Royal Navy. However, damage sustained in the battle limited her ability to roam at will, and the Royal Navy deployed the Home Fleet to avenge the *Hood*. The stage was set for the greatest chase story in the history of naval warfare. This new account of the epic pursuit intertwines a wealth of first-hand accounts and extensive research to create a fast-paced narrative of tension and daring in the waters of the Atlantic.

Angus Konstam is a well-established historian, and the acclaimed author of over 80 books. Many of these are published by Osprey, including the Campaign title *Bismarck 1941* and several New Vanguard titles covering British warships of World War II. His other naval books include *Jutland: Twelve Hours to Win the War*, *Sovereigns of the Sea*, and *History of Piracy*. A former naval officer, maritime archaeologist and museum curator, he is now a full-time author, specializing in maritime and military history.

MacArthur's Air Force

Bill Yenne

Traces the origins of MacArthur's air force in the Philippines through to its victory in the skies over Japan and its key role in the Korean War.

General Douglas MacArthur is one of the towering figures of World War II, but his leadership of the second largest air force in the USAAF is often overlooked. When World War II ended, MacArthur was the highest military and political authority in Japan, and the three numbered air forces under his command possessed over 5,000 aircraft. At the outbreak of the Korean War, MacArthur was named as Commander in Chief, United Nations Command. Written by award-winning aviation historian Bill Yenne, this engrossing book traces the journey of American air forces in the Pacific under General MacArthur's command, from their lowly beginnings to their eventual triumph over Imperial Japan, followed by their entry into the jet age in the skies over Korea.

Bill Yenne is the author of more than three dozen non-fiction books, as well as ten novels. His work has been selected for the Chief of Staff of the Air Force Reading List. He is the recipient of the Air Force Association's Gill Robb Wilson Award for the 'most outstanding contribution in the field of arts and letters [as an] author whose works have shaped how thousands of Americans understand and appreciate airpower'.

Retribution

The Soviet Reconquest of Central Ukraine, 1943-44

Prit Buttar

A detailed and engrossing account of the war on the Eastern Front as the German forces were driven back following the Battle of Kursk.

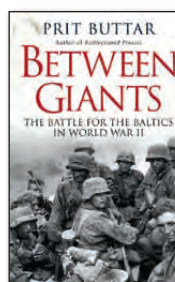

Beginning towards the end of the Battle of Kursk, *Retribution* explores the massive Soviet offensive that followed the end of Operation *Zitadelle*, which saw depleted and desperate German troops forced out of Western Ukraine. In this title, Buttar describes in detail the little-known series of near-constant battles that saw a weakened German army confronted by a tactically sophisticated force of over six million Soviet troops. As a result, the Wehrmacht was driven back to the Dnepr and German forces remaining in the Kuban Peninsula south of Rostov were forced back into the Crimea, a retreat which would become one of many in the months that followed. The title makes use of the extensive first-hand accounts of German and Russian soldiers to bring their story to life.

Prit Buttar is an established expert on the Eastern Front in 20th-century military history. Buttar's previous books include the critically acclaimed *Battleground Prussia: The Assault on Germany's Eastern Front 1944-45*, *Between Giants: The Battle for the Baltics in World War II* and a definitive four-part series on the Eastern Front in World War I, which concluded with *The Splintered Empires: The Eastern Front 1917-21*.

AUTUMN HIGHLIGHTS

Case White

The Invasion of Poland 1939

Robert Forczyk

Commemorating the 80th anniversary of the start of World War II, Robert Forczyk tells the story the German invasion of Poland in 1939.

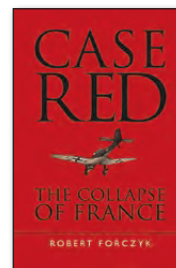

The German invasion of Poland on 1 September, 1939, codenamed *Fall Weiss* (Case White), sparked the outbreak of World War II in Europe. The campaign has widely been described as a textbook example of *Blitzkrieg*, but it was actually fairly conventional as the Wehrmacht was still learning how to use its new Panzers and dive-bombers. Meanwhile, the Polish military is often misrepresented as hopelessly obsolete, yet in fact it was well-equipped with modern weapons and armour. Indeed, the Polish possessed more tanks than the British and had cracked the German Enigma machine cipher.

Using a wide array of sources, Robert Forczyk challenges the myths of Case White to tell the full story of the invasion that precipitated history's greatest conflict.

Robert Forczyk has a PhD in International Relations and National Security from the University of Maryland and a strong background in European and Asian military history. He retired as a lieutenant colonel from the US Army Reserves having served 18 years as an armour officer in the US 2nd and 4th infantry divisions and as an intelligence officer in the 29th Infantry Division (Light).

MiG Alley

The US Air Force in Korea, 1950-53

Thomas McKelvey Cleaver

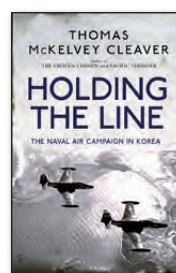

An in-depth analysis of the US Air Force's war in Korea, packed with personal stories based on first-person testimonies from both sides.

Of the many myths that emerged following the end of the Korean War, the prevailing one in the West was that of the absolute supremacy of US Air Force pilots and aircraft over their Soviet-supplied opponents. These claims went unchallenged until the end of the Cold War, when Soviet records of the conflict were finally opened. From that point onwards, a very different story began to emerge. Far from decisive American victories over an unsophisticated opponent, the aerial battles of the Korean War were, at least in the early years, evenly matched affairs, fought to an approximate 1:1 victory-loss ratio. Incorporating first-hand accounts from those involved, both US and Russian, this new history of the US Air Force in Korea reveals the full story of this bitter struggle in the Eastern skies.

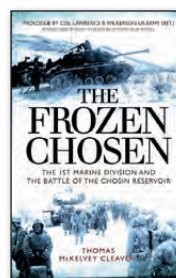

Thomas McKelvey Cleaver has been a published writer for the past 40 years, and this work is the product of 25 years of research. He is the author of a number of Osprey titles, including *The Frozen Chosen*, *Tidal Wave*, and *Holding the Line*. He is also a regular contributor to *Flight Journal* magazine. During his 30 years as a screenwriter in Hollywood, he wrote the cult classic *The Terror Within*. He served in the US Navy in Vietnam.

AUTUMN HIGHLIGHTS

The Great Bear at War

The Russian and Soviet Army, 1917–Present

Chris McNab

Foreword by Professor Mark Galeotti

A complete and illustrated history of Russia's armed forces from the Russian Revolution to the present day.

From the Russian Civil War onwards, Russia's armed forces have shaped the future not only of Russia but of countless other countries around the globe. This title charts the great historical events that have defined the Red/Russian Army, especially World War II and the Cold War, but also the post-communist conflicts in which the Russian military has redeveloped its outlook and mission, such as Chechnya (1999–2009), Georgia (2008), Ukraine (from 2014) and most recently Syria. Sewn into the narrative are details about the equipment, uniforms, training, service conditions and weaponry of the Soviet/Russian soldiers, bringing personal experience and technological context to the broader history.

Dr Chris McNab is an author and historian who specializes in military history and related technology. Over the course of his twenty-year career, he has written more than one hundred titles.

Professor Mark Galeotti is a Senior Associate Fellow at the Royal United Services Institute in the UK and a Senior Non-Resident Fellow with the Institute of International Relations Prague. Mark's most recent books for Osprey are CAM 332 *Kulikovo 1380* and ELI 228 *Armies of Russia's War in Ukraine*. He lives in the UK.

The Persian War

A military history

William Shepherd

The enthralling story of the triumph of Greece over the mighty Persian Empire.

The victory of a few Greek city-states over the world's first superpower was an extraordinary military feat that secured the future of western civilization. All modern accounts of the war as a whole, and of Marathon, Thermopylae and Salamis, the best-known battles, depend on the ancient sources, foremost amongst them Herodotus, but generally quote very little from them. This is the first book to bring together Herodotus' entire narrative and interweave it with other ancient voices to present the original texts that comprise almost all that is known about this immense clash of arms.

William Shepherd studied classics at Clare College, Cambridge, in the 1960s and then embarked on a career in publishing which finally brought him to Osprey, where he retired as chief executive in 2007. He is author of *The Persian War* (Cambridge, 1982), translated from Herodotus. He has also written reading books for children, articles in the *Osprey Military Journal*, of which he was joint editor, and *Salamis 480 BC*, *Plataea 479 BC* and *Pylos and Sphacteria 425 BC*, all for Osprey.

USS *Iowa* (BB-61) was the lead ship in one of the US Navy's most famous battleship classes. The *Iowa* served across the Pacific in battles such as the Marshall Islands, the Philippine Sea and Leyte Gulf, as well as in Korea, and even was briefly reactivated in the 1980s as part of President Reagan's 600-Ship Navy Plan. Stunningly illustrated throughout with hundreds of brand-new 3D colour artworks and detailed ship's plans, this is the most detailed study ever produced on this renowned battleship.

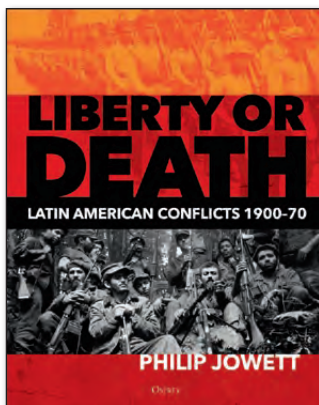

The Warship Tyger

The master shipwright's secrets behind a Restoration warship

Author: **Richard Endors**

From the Banana Wars of the early 20th century to the Football War of 1969, South and Central America has been a hotbed of revolutions, rebellions and conflicts. Some were small-scale affairs involving poorly armed forces with rifles and machetes. Others were full-scale conflicts involving sophisticated armies equipped with tanks, aircraft, and hundreds of thousands of troops. Fully illustrated with a wealth of rare photographs, this fascinating story explores seven decades of a continent in conflict that is rarely covered in English.

UNDER FIRE

A NEW GRAPHIC NOVEL SERIES
EXPLORING HISTORY'S MOST
DRAMATIC BATTLES THROUGH THE
EYES OF THE MEN WHO WERE THERE.

VOLUMES
1, 2 & 3

Each graphic novel provides authentic historical detail combined with vivid illustration and expert storytelling to capture the heroism and despair, loss and comradeship of bold offensives and desperate last stands.

VOLUME 1

D-DAY

Author: **Jack Chambers**
Available: **September 2019**
ISBN: **9781472838780**
Price: **£20 / US \$26 / CAN \$35**
Period: **World War II**
Format: **Paperback, 332pp**

6 June, 1944: a vast armada stands off the coast of Normandy; in the pre-dawn gloom gliders carrying British airborne troops approach their target. The Normandy landings are brought alive in this electrifying graphic novel that tells the story of that Longest Day through the eyes of the men who were there. Discover an epic struggle as the Allies sought to overwhelm the German defenders by land, sea and air, who in turn battled desperately to drive the invasion back into the sea.

VOLUME 2

THE BATTLE OF BRITAIN

Authors: **Dale Carothers & Daniel DeVargas**
Available: **October 2019**
ISBN: **9781472838698**
Price: **£20 / US \$26 / CAN \$35**
Period: **World War II**
Format: **Paperback, 332pp**

In the summer of 1940, the bombs began to fall over Britain. Seeking to pave the way for a full-frontal invasion, Luftwaffe bombers flew over the Channel, dropping their deadly payload on key targets across the south of England. Revealing the Battle of Britain through the eyes of the pilots who lived through it, this vibrant graphic novel combines expert knowledge and master storytelling to bring the campaign to life, from the epic dogfights along the coast to the terror of the London Blitz.

VOLUME 3

GUADALCANAL

Author: **Georgia Ball**
Available: **November 2019**
ISBN: **9781472838735**
Price: **£20 / US \$26 / CAN \$35**
Period: **World War II**
Format: **Paperback, 332pp**

A New World power facing off against an ancient empire. A desperate struggle to control a Pacific archipelago. On 7 August, 1942, Guadalcanal was invaded, signalling the beginning of a campaign which would last over six months. This colourful graphic novel follows the stories of the troops on the ground, bringing the campaign to life through the eyes of the soldiers, sailors, and pilots who fought on both sides. Combining an authentic historical story with striking visuals and expert storytelling, Guadalcanal reveals a campaign that changed the course of the War in the Pacific.

COMBAT

From the treacherous jungles of Vietnam to hedgerows of Normandy, each title in the bestselling Combat series pits history's greatest adversaries against one another, revealing what it was actually like for opposing warriors to face off against each other on the field of battle.

Something in the multiverse has shattered, and now the universe is bleeding. Throughout Mega-City One there are reports of invaders wreaking havoc. Celtic barbarians in Ezquerra Block. Russian nobles in Apetown. And rumours of fragments of other universes, waiting to be claimed.

Head to the streets of Mega-City One with *Judge Dredd: Helter Skelter*, a new miniatures board game combining Martin Wallace's critically-acclaimed *Wildlands* rules with the worlds of *2000 AD*. Four unique factions bring iconic characters from Sláine, Nikolai Dante, and Strontium Dog crashing into Mega-City One, all intent on finding the shattered fragments of their own universe and crushing anyone who gets in their way.

Things are going to get rough, but one thing is certain: no matter what universe you are from, you still have to answer to the Law!

UNDAUNTED: NORMANDY

Designers: **David Thompson & Trevor Benjamin**
 Illustrator: **Roland MacDonald**
 Available: **August 2019**

ISBN: **9781472834706**
 Price: **£30 / US \$40 / CAN \$54**
 Format: **Board Game**

June, 1944. Through the D-Day landings, the Allies have seized a foothold on the beaches of Normandy. Now you must lead your troops forward as you push deeper into France and drive the German forces back. You will face intense resistance, machine gun fire, and mortar bombardment, but a great commander can turn the situation to their advantage!

Undaunted: Normandy is a deck-building game that places you and your opponent in command of American or German forces, fighting through a series of missions critical to the outcome of World War II. Use your cards to seize the initiative, bolster your forces, or control your troops on the battlefield. Strong leadership can turn the tide of battle in your favour, but reckless decisions could prove catastrophic, as every casualty you take removes a card from your deck. Take charge amidst the chaos of battle, hold fast in the face of opposition, and remain undaunted.

Designer: **Martin Wallace**
 Illustrator: **Wietse Treurniet**
 Available: **November 2019**

ISBN: **9781472841117**
 Price: **£14.99 / US \$20 / CAN \$27**
 Format: **Board Game Expansion**

The Dark House lies abandoned. Who knows what horrors lie within?

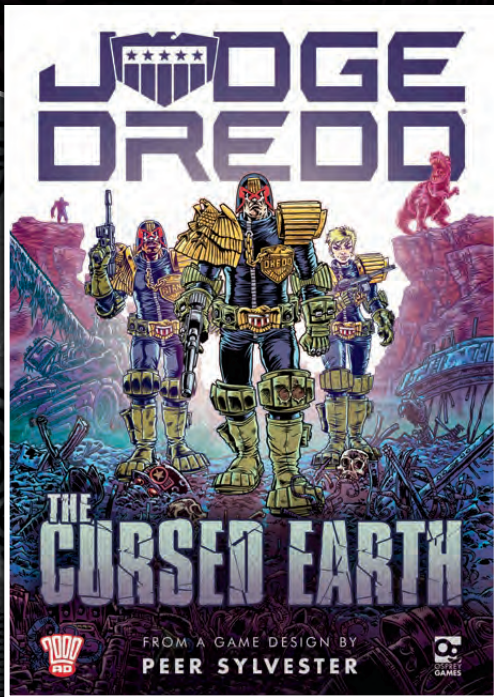

This new board-based expansion for *Wildlands* includes three new maps: two smaller ones designed for two players, and the Mansion – a unique two-level map. Within the mansion players struggle across both upstairs and downstairs areas, leading to new tactical nuances and tricky lines-of-sight. Outside in the grounds, narrow mazes and run-down stables lead to exciting head-to-head battles.

Requires a copy of *Wildlands* to play.

JUDGE DREDD THE CURSED EARTH

Designer: **Peer Sylvester**
Illustrators: **Rufus Dayglo**
& **Dan Cornwell**

ISBN: **9781472830661**
Price: **£24.99 / US \$35 / CAN \$47**
Format: **Board Game**

Featuring competitive, co-operative, and solo game modes and specially commissioned artwork from Dredd artists Rufus Dayglo and Dan Cornwell, *Judge Dredd: The Cursed Earth* is an immersive sci-fi western. Players must lead a team of judges against dinosaurs, mutants, and the Cursed Earth itself to hunt down a dangerous fugitive, before a gang of criminals can get to him. As they scour the wastelands, the team will encounter a host of threats that will push their resources and abilities to their limits.

Fans of *The Lost Expedition* will find entirely new cards and new mechanics like radiation tracking and psychic abilities, while fans of Judge Dredd will find a new interactive story developed alongside *2000 AD*.

ON AN IMPOSSIBLE JOURNEY THROUGH RADIOACTIVE HELL, CAN EVEN THE JUDGES SURVIVE THE CURSED EARTH?

Set during the events of the cult-classic book, *Jonathan Strange & Mr Norrell* sees players delve into the world of English magic, developing their talents and expanding their social reach as they aim to become the most celebrated magician of the age.

Take on the role of an aspiring magician, including the titular characters Jonathan Strange and Mr Norrell themselves, and start them down the path to greatness. Build up your power and status by travelling across Europe and London, performing feats of magic and attending social engagements. The most celebrated magician will face the gentleman with the thistle-down hair, but only the strongest will defeat him.

NEW ROLEPLAYING GAMES FROM OSPREY

PALEOMYTHIC

Designer: **Graham Rose**
 Illustrators: **John McCambridge**
 & **Mars Oosterveld**
 Available: **November 2019**
 ISBN: **9781472834812**
 Price: **£20 / US \$30 / CAN \$40**
 Format: **Hardback**

Paleomythic is a roleplaying game of grim survival and mythical adventures in the land of Ancient Mu, a harsh prehistoric world full

of mysterious ruins and temples to explore, huge and terrible creatures that roam and spread fear across the land, and nefarious mystics and sorcerers who plot dark schemes from the shadows. It is a world of biting cold winters, of people hunting and foraging to survive, and tribes that wage relentless war.

Taking on the roles of hunters, healers, warriors, soothsayers, and more, players will navigate a world of hostile tribes, otherworldly spirits, prehistoric beasts, and monstrous creatures lurking in the dark places of the world.

ROMANCE OF THE PERILOUS LAND

Designer: **Scott Malthouse**

David Needham & Alan Lathwell
 Available: **November 2019**
 ISBN: **9781472834775**
 Price: **£20 / US \$30 / CAN \$40**
 Format: **Hardback**

Romance of the Perilous Land is a roleplaying game of magic and adventure set in the world of British

folklore, from the stories of King Arthur to the wonderful regional tales told through this green and pleasant land. It is a world of romantic chivalry, but also of great danger, with ambitious kings, evil knights, and thieving brigands terrorising the land, while greedy giants, malevolent sorcerers, and water-dwelling knuckers lurk in the shadows.

As valiant knights, mighty barbarians, subtle cunning folk, and more, the players are heroes, roaming the land to fight evil, right wrongs, and create their own legends.

BATTLES OF THE LOST AGE

Author: **Joseph A. McCullough**
 Illustrators: **Ralph Horsley & Jan Pospisil**
 Available: **November 2019**
 ISBN: **9781472833044**
 Price: **£25 / US \$35 / CAN \$47**
 Format: **Hardback**

Empires have fallen, and the land is broken. The great oathmarks that once stood as testaments to the allegiances and might of nations have crumbled into ruin. In this lost age, fealty and loyalty are as valuable as gold and as deadly as cold iron, and war is ever-present.

Created by Joseph A. McCullough, designer of *Frostgrave* and *Frostgrave: Ghost Archipelago*, *Oathmark* is a mass-battle fantasy wargame that puts you in command of the fantasy army you've always wanted, whether a company of stalwart dwarves or a mixed force with proud elves, noble men, and wild goblins standing shoulder-to-shoulder in the battle-line. Fight through an integrated campaign system and develop your realms from battle to battle, adding new territories, recruiting new troop types, and growing to eclipse your rivals... or lose what you fought so hard to gain and fall as so many would-be emperors before you.

REALITY'S EDGE

CYBERPUNK_SKIRMISH_RULES

Welcome to *Reality's Edge*, a wargame so shiny you are going to need mirror shades. Set in a dystopian cyberpunk future, players take on the role of a data-jack, a mercenary hacker who leads a small team of trusted operatives and disposable freelancers. Funded by shadow backers, the data-jacks accept jobs from faceless clients for profit, glory, and better chrome...always better chrome.

Battles take place in the concrete jungle known as the Sprawl, but data-jacks must remain wary of the threat posed by Cyberspace. Hacking rules are pivotal to the game, with data nodes, robots, machines, and even enemy chrome presenting potential targets for a cunning data-jack. No-one plugged into Cyberspace is entirely safe from intrusion, and the electronic sprites and digital djinn you can deploy alongside your team can be just as dangerous as any mercenary or assassin.

Gameplay focuses on individual characters, with each skirmish offering you the opportunity to earn experience and equipment for your data-jack and operatives. A wide range of items and upgrades are available, from advanced weaponry and synthetics through to cyber-implants, biological enhancements, clones, and much more. This is a world obsessed with whether something can be done, not whether it should.
